

# SP-180 Einweglichtschranke 180° verstellbar

|                        |              |
|------------------------|--------------|
| Dimension:             | 100x40x35mm  |
| Operating Voltage:     | 12-24V DC AC |
| Detecting Range:       | ≤15m         |
| Infrared Frequency:    | 1.92Khz      |
| Wave Length:           | 940nm        |
| Operating Temperature: | -10°C~+70°C  |
| Relay Output:          | N.C./N.O.    |

An der Hausener Str. 5  
D-89367 Waldstetten
